Impact, heat & UV  
resistant polycarbonate

LED3 Mini light sold separately

Bezels are made with a strong & durable automotive grade polycarbonate. Black Single shown.

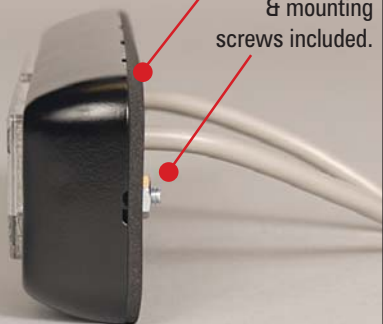

- Introducing Single & Dual Bezels that create a sleek, finished surface mount look for our LED3 Mini Lights.
- Bezels are available in Black, Chrome or White finishes.
- Designed for exterior use on all types of vehicles.
- Made from a strong & durable, automotive grade polycarbonate with good impact, heat and UV resistance.
- Bezels include neoprene gasket & mounting screws (lights sold separately).
- For more information on the LED3 Mini Lights please ask for a copy of our Warning Products Catalog (see pg. 43) or visit our website at [www.soundoffsignal.com](http://www.soundoffsignal.com) and go to the Warning/Amber Products menu and click on Surface & Recess Mount Lights.

Replace (x) in Part Number with desired bezel color:

B = Black  
C = Chrome  
W = White

Neoprene gasket  
& mounting  
screws included.

Bezel ships with neoprene mounting gasket and mounting screws (LED3 Mini light sold separately).
