#PNFWBBFFF06

Ford F-150 2013+ Brackets

(hardware included)

#PNFWBMFFF06

The nFORCE Collection of products now includes the interior windshield lightbar model for the Ford F-150 2013+. This lightbar is available in bronze, silver and gold versions to tailor to your specific needs.

nFORCE Interior lightbars are powered by SoundOff Signal's Nexus Technology to deliver intense forward and off-axis illumination.

Interior lightbar features an extremely low-profile design to eliminate visual and occupant

Certifications

SAE J845 Class 1 certified

Features

- Module is offered in single color 6 or 9 LEDs, dual-color 12 LEDs or tri-color 18 LEDs
- Multi-color modules (dual or tri-color) that include white LED's are capable of providing scene lighting the entire length of the lightbar
- Takedown modules can be designated anywhere on the lightbar
- Several specific models are available to fit all leading sedans, SUVs and trucks
- Universal model with adjustable mounting brackets accommodate most windshield angles for even broader vehicle compatibility
- Windows based PC application simplifies programming and enhances configurability and control
- Other user configurable options available include: cruise mode, nighttime manual dimming, 34 programmable flash patterns and steady burn
